

## **BEST PRACTICE NO. 1**

### **Title of the Practice: - Guiding students through Career Counselling and Placement Cell**

#### **Context:**

Since the academic year 2003-04, our college has Career Counselling and Placement Cell with an objective to guide and channelize students for proper career. College aims at empowering the students for a bright career and future. This Cell continues to organize career-oriented workshops, trainings and lectures for the students by collaborating and inviting institutions from outside.

#### **Objectives: -**

1. To guide students to find suitable career as per their aptitude, qualifications and skills.
2. To help students interact with companies by arranging for campus placement drives.
3. To inspire and motivate students to get a good job profile and bright career.
4. To increase students' confidence level and knowledge to acquaint themselves with best job opportunities.

#### **The Practice: -**

Every year regular seminars, workshops and guidance lectures are arranged for students. This academic year around 200 students from degree college benefit through this guidance in choosing their career. Experts from various fields guide students. Interactive sessions are arranged for making students aware about current job market. We have arranged Campus placement drives frequently. Students are given information of recruitments and students are sent for interviews.

#### **Obstacles faced/Problems encountered: -**

Lack of space for having professional Career Counselling and placement Cell is a dedicated space is an obstacle while functioning.

#### **Evidence of Success: -**

Many of our students are the first-generation graduates at their homes. They have benefitted of the orientation, workshops, training and guidance lectures. The Aviation Academy-Fly High, Webinar on Financial Literacy, Seminar by Amigo Academy were organized in our college for the students.

#### **Resources Required: - Space for professional Career Counselling and Placement Cell**
