

## **Institutional Core Values**

### **1. Quest for Knowledge**

- ❖ Impart knowledge and skills that are relevant to the demands of the changing times.
- ❖ Adopt innovative methods of teaching that will cater to the needs of learners at various levels of study.

### **2. Enhancement in Teaching and research**

- ❖ Adopt policies that effectively meet the needs of students.
- ❖ Fulfil all the academic liabilities in consonance with the learner.
- ❖ Provide counselling to the learner who is lagging behind in study and also facing some difficulties.
- ❖ Provide learner-centric academic environment for personal enrichment and career opportunities.
- ❖ Enable students for critical thinking through freedom of thought and expression.
- ❖ Support and nurture talent and creativity.
- ❖ Motivate students to prepare the research papers and participate in the inter-collegiate students' seminars, conferences and workshops.
- ❖ Encourage teaching faculty to enrich their research activities.
- ❖ Inculcate the spirit of enquiry, analytical thinking and scientific temperament among the students.

### **3. Facilitate Governance**

- ❖ Make optimal deployment of resources.
- ❖ Promote fullest use of infrastructural facilities.
- ❖ Believe in participative decision-making process that is effectively communicated to all the stake-holders.
- ❖ Adopt transparency in functioning.
- ❖ Undertake constant assessment and up-gradation of processes to ensure maximum productivity.

### **4. Social responsibility**

- ❖ Sensitize students about social, environmental and economic issues.
- ❖ Endeavour to find solutions that will benefit society as a whole.
- ❖ Organise community outreach programmes so as to instil social understanding among the students, about the society they live.
